

14 JUN 2018

Thank you for your email of 17 April 2018 to the Ministry of Education (Ministry) requesting the following information:

- 1. The licence ID numbers, service names, location of, the name of the owner or licensee, and the problem or reasons leading to a change in licence for each and every Early Childhood Education (ECE) services that the Ministry of Education revoked the licence of in 2016 and closed.*
- 2. The licence ID numbers, service names, location of, the name of the owner or licensee, and the problem or reasons leading to a change in licence for each and every ECE service with a full licence that was placed on a provisional licence in 2016.*
- 3. The licence ID numbers, service names, location of, the name of the owner or licensee, and the problem or reasons leading to a change in licence for each and every ECE service that the Ministry of Education revoked the licence of in 2017 and closed.*
- 4. The licence ID numbers, service names, location of, the name of the owner or licensee, and the problem or reasons leading to a change in licence for each and every ECE service with a full licence that was placed on a provisional licence in 2017.*

Your request has been considered under the Official Information Act 1982 (the Act).

A provisional licence is issued when an early learning service isn't meeting the Ministry's licensing standards. Severity of the breaches is taken into consideration before a provisional licence is issued. This includes if there are immediate risks to the health and safety of the children and the total number of regulatory breaches. A provisional licence tells the service, staff, parents and communities what improvements must be made by the service.

When a service is placed on a provisional licence our staff work and support the service provider to resolve the issues. We also monitor the service closely by setting deadlines for improvements.

In most cases services make the required improvements. Where a service does not improve, we can cancel the licence. As at the end of February 2018, 1.83% of early learning services had been assessed as not meeting the licensing requirements. As at March 2018 there were 4,647 licensed early learning services across the country.

Further information about licensing requirements can be found on our website at:

[www.education.govt.nz/early-childhood/running-an-ece-service/the-regulatory-framework-for-ece/licensing-criteria/](http://www.education.govt.nz/early-childhood/running-an-ece-service/the-regulatory-framework-for-ece/licensing-criteria/)

### **Questions one and three**

Please find attached tables (Appendices 1 and 3) listing the ECE services that had their licences cancelled and were closed in 2016 and 2017, including details of the relevant reasons.

The licence cancellation reasons for some ECE services have been withheld under section 6(c) of the Act, as to release this information would be likely to prejudice the maintenance of the law, including the prevention, investigation, and detection of offences, and the right to a fair trial.

### **Questions two and four**

Please find attached tables (Appendices 2 and 4) listing the ECE services that were placed on provisional licences in 2016 and 2017, including details of the relevant reasons.

The reasons for issuing provisional licences to some ECE services have been withheld under section 6(c) of the Act, as to release this information would be likely to prejudice the maintenance of the law, including the prevention, investigation, and detection of offences, and the right to a fair trial.

The Ministry now proactively publishes OIA responses on our website. As such, we may publish this response on our website after five working days. Your name and contact details will be removed.

If you are unsatisfied with my response, you have the right to ask an Ombudsman to review it. You can do this by writing to [info@ombudsman.parliament.nz](mailto:info@ombudsman.parliament.nz) or Office of the Ombudsman, PO Box 10152, Wellington 6143.

Yours sincerely

Katrina Casey
