

# New Zealand has moved Alert Levels

Cases of COVID-19 have been identified in the Auckland community. Auckland is at Alert Level 3. The rest of the country is at Alert Level 2. Travel in and out of Auckland is restricted. These restrictions will remain in place for 7 days.

## People in Auckland:

- Stay at home, within your bubble.
- If you are sick or have symptoms call Healthline on 0800 358 5453 for advice about getting a test.
- Check the [covid19.govt.nz](https://www.covid19.govt.nz) website for the locations of interest. If you were at one of these locations at the time stated, contact Healthline.
- Businesses can open, but most cannot physically interact with customers.
- Wear a face covering on public transport, and in public if possible.
- If you must leave home, keep a 2-metre distance from others.
- Work from home, unless that is not possible.
- Children should learn from home if possible.
- Use the NZ COVID tracer app to scan QR codes and turn on Bluetooth tracing. This ensures you are alerted if you come in contact with a positive COVID-19 case.

## Everyone outside Auckland:

- If you are sick or have symptoms call Healthline on 0800 358 5453 for advice about getting a test.
- Wear a face covering on public transport.
- Limit gatherings to 100 people.
- Use the NZ COVID tracer app to scan QR codes and turn on Bluetooth tracing. This ensures you are alerted if you come in contact with a positive COVID-19 case.
- Check the [covid19.govt.nz](https://www.covid19.govt.nz) website for the locations of interest. If you were at one of these locations at the time stated, contact Healthline.

*We've done this before,  
we can do it again.*
